Oatlands Public School is a wonderful, caring, community school with a strong focus on developing students’ skills and abilities across all areas, including in the academic, sporting, citizenship and interpersonal domains. We offer students all the benefits of education obtained in a large school, with the friendliness and family atmosphere of a small school. The positive partnership between the school and home is highly valued and contributes to the success and achievement of the students. At Oatlands Public School your child will benefit from high quality innovative educational programs that are stimulating, varied and cater for different learning styles. Experienced, enthusiastic and dedicated staff will inspire your child to develop their full potential.
